Comments:

7/26/2000 - Sent 2nd request for 1999 annual report. Failure to file reports could result in issuance of a Noncompliance. Please submit w/in 10 days to avoid further action.

6/7/00 - John Shavers called Wayne today and said they are in final negotiations with Magcorp folks to go ahead with a proposal to extract lithium from a waste product that Magcorp produces as part of their magnesium production. Wayne spoke with him a year or so ago and never heard back since. Thought he'd had second thoughts about all the permitting requirements. He apparently plans on using a parcel of land that Magcorp owns to set up their extraction plant (2+ acres) and solar ponds (@50acres).
